Treehouse Preschool
At First Congregational Church

Treehouse families,

At Treehouse Preschool we take the COVID-19 pandemic seriously and your children's health. We want to work to prevent the transmission of the new Delta Variant between the students as well as preventing our preschool students from spreading COVID to family members

The CDC reports that unvaccinated individuals are at the greatest risk from the Delta Variant and that even fully vaccinated individuals can spread the variant. Our students are unable to get the vaccine at this time so we are taking the Ohio recommendations seriously. Some experts are predicting that September or early October will be when COVID peaks. Looking at the increase of Covid cases and the recommendations of the Ohio Health Department, we are going to make these requirements and recommendations.

1. All persons over the age of 12; teachers, parents, community members, etc. must wear a mask at all times while inside the preschool. Masks will not be mandated outside the building. As for our students, we are making the recommendation to wear masks. This may change throughout the year, but to start, we are making this recommendation. Children younger than age 3 are not recommended to wear masks.
2. We will change the drop off and pick up procedure so we can accommodate social distancing as much as possible. Drop off will be through the Atrium and then out the kitchen doors. Pick up will be reversed, through the kitchen doors and out the Atrium doors. Please keep in mind the doors will not open until 5 minutes before class for you to enter.
3. We will continue to clean and disinfect surfaces and provide students and teachers with hand sanitizers for continual use. Upon entry to the building, we are asking everyone to use the hand sanitation stations or bathrooms to wash your hands. If you prefer bathrooms, they are immediately on your left in the Atrium and when entering the kitchen doors, the bathrooms are down the first hallway on the right.
4. All snacks, including birthday celebrations MUST be individually packed. For parties, we ask you to do your best at that but if not, please make sure you are using food service gloves to serve.
5. We have added air purifiers to all our classrooms and will continue to clean and disinfect our rooms regularly.

Our hope is to be able to loosen some of these restrictions later in
